AGREEMENT

THIS AGREEMENT ("Agreement") is effective as of the 10th day of May, 2017 (the "Effective Date"), by and between South Carolina Telecommunications Group Holdings, LLC d/b/a Spirit Communications ("Spirit") with offices at 1500 Hampton Street, Columbia SC 29201 and Chester Telephone Company, Ridgeway Telephone Company and Lockhart Telephone Company d/b/a TruVista, all South Carolina corporations ("COMPANY") with offices at 112 York Street Chester, SC 29706. This Agreement may refer to either COMPANY or Spirit or both as a "Party" or "Parties."

WITNESSETH

WHEREAS, COMPANY is a local exchange telecommunications company authorized to provide telecommunications services in the state of South Carolina; and

WHEREAS, Spirit is or seeks to become a competitive local exchange telecommunications company authorized to provide telecommunications services in the state of South Carolina;

WHEREAS, Spirit has made a request for services under Sections 251(a) and (b) of the Telecommunications Act of 1996 ("the Act"), and has clarified that it is not seeking services under Section 251(c) of the Act; and

WHEREAS, the Parties wish to interconnect their facilities and exchange traffic specifically for the purposes of fulfilling their obligations pursuant to the Act.

NOW THEREFORE, in consideration of the mutual agreements contained herein, COMPANY and Spirit agree as follows:

1. PURPOSE

- 1.1 The Parties agree that the rates, terms and conditions contained within this Agreement, including all Attachments, comply and conform with each Parties' obligations under the Act.
- 1.2 COMPANY has no obligation to establish interconnection service arrangements to enable Spirit to exchange solely non-telecommunications traffic or to act in any capacity other than as a common carrier. Spirit agrees that it is requesting and will use this arrangement for the primary purpose of exchanging Non-Access Telecommunications Traffic as defined in 47 C.F.R. § 51.701(b) and that any exchange of traffic including Information Service traffic or VoIP traffic that is other than Non-Access Telecommunications Traffic will be incidental to the Parties' exchange of Non-Access Telecommunications Traffic. The FCC has not determined whether VoIP-PSTN Traffic is a Telecommunications Service or an Information Service. For the purposes of this Agreement, VoIP-PSTN Traffic must meet the definition of Local/EAS Traffic to be treated as such and any traffic outside the definition of Local/EAS shall be treated as Toll Traffic. If the FCC determines that VoIP service is other than Telecommunications Service and VoIP-PSTN Traffic is exchanged under this Agreement, the terms of this Agreement shall

remain in effect until such time as this Agreement is modified under the change in law provisions of Section 28 of the General Terms and Conditions of this Agreement.

- 1.3 Spirit agrees that it seeks interconnection and will use this arrangement for the primary purpose of exchanging Local/EAS Traffic and that any exchange of Toll Traffic will be subject to the appropriate terms and conditions of each Party's access tariffs.
- 1.4 Spirit or COMPANY may provide services, including but not limited to interconnection and numbering services, to a Retail Provider. The provision of such services does not diminish any obligations of the Spirit or COMPANY pursuant to section 251 and 252, nor does it diminish any of the responsibilities of Spirit or COMPANY with respect to its Retail Providers, as provided in this Agreement.
- 1.5 Spirit represents and warrants with respect to all tariffed services for which this Interconnection Agreement is sought, that Spirit will (i) offer such services to all potential users indifferently; (ii) will allow customers to transmit information of the customer's own design and choosing; and (iii) that Spirit will be operating as a common carrier with respect to its interconnection with COMPANY.
- 1.6 Without limiting the generality of the foregoing, Spirit covenants, represents and warrants that tariffed services which will be provided with respect to this Agreement will be available to COMPANY and COMPANY affiliates and any other Retail Provider on a non-discriminatory basis.

2. TERM OF THE AGREEMENT

The initial term of this Agreement shall be three years ("Initial Term"), beginning on the above Effective Date and shall apply to the State of South Carolina. If, as of the expiration of this Agreement, a subsequent agreement has not been executed by the Parties, this Agreement shall automatically renew for successive one-year periods, unless, not less than one hundred twenty (120) days prior to the end of the Initial Term or any renewal term, either Party notifies the other Party of its intent to renegotiate a new agreement. In the event of such renegotiation, this Agreement shall remain in effect until such time that a subsequent agreement becomes effective. If the Parties cease the exchange of traffic, then either Party may provide thirty (30) days written notice and the Parties may mutually agree to terminate this Agreement.

3. TERMINATION OF THE AGREEMENT

3.1 Termination Upon Default

Either Party may terminate this Agreement in whole or in part in the event of a default by the other Party; provided however, that the non-defaulting Party notifies the defaulting Party in writing of the alleged default and that the defaulting Party does not cure the alleged default or invoke the dispute resolution pursuant to Section 13 within twenty (20) calendar days of receipt of written notice thereof. Default is defined to include:

- 3.1.1 A Party's refusal or failure in any material respect to properly perform its obligations under this Agreement, or the violation of any of the material terms or conditions of this Agreement.
- 3.1.2 A Party's assignment of any right, obligation, or duty, in whole or in part, or of any interest, under this Agreement without any consent required under Section 6 of this Agreement.
- 3.1.3 Notwithstanding the above, COMPANY may terminate this Agreement if Spirit is more than 30 days past due on any undisputed payment obligation under this Agreement; provided that COMPANY notifies Spirit of such default and Spirit does not cure the default or initiate the dispute resolution procedure within thirty (30) days of receipt of written notice to person designated in contract to receive billing default notices with a copy of the bill attached. Each Party will provide updates to the other Party to its billing contact information contained in Section 26.
- 3.1.4 Spirit is adjudicated to not be a Telecommunications Carrier under the Act.
- 3.1.5 Spirit is adjudicated to not be a common carrier by the Commission or a court of competent jurisdiction.
- 3.2 Termination Upon Ordering and Implementation Inactivity
Notwithstanding anything to the contrary contained herein, COMPANY may terminate this Agreement in the event Spirit has not (a) placed any initial orders for any of the services to be provided pursuant to this Agreement and (b) implemented any said services to Spirit customers within one (1) year from the Effective Date of this Agreement.
- 3.3 Liability Upon Termination
Termination of this Agreement, or any part hereof, for any cause shall not release either Party from any liability which at the time of termination had already accrued to the other Party or which thereafter accrues in any respect to any act or omission occurring prior to the termination or from an obligation which is expressly stated in this Agreement to survive termination.

4. CONTACT EXCHANGE

The Parties agree to exchange and to update contact and referral numbers for order inquiry, trouble reporting, billing inquiries, and information required to comply with law enforcement and other security agencies of the government.

5. AMENDMENTS

Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party. The term "this Agreement" shall include future amendments, modifications, and supplements.

6. ASSIGNMENT

This Agreement shall be binding upon the Parties and shall continue to be binding upon all such entities regardless of any subsequent change in their ownership. All obligations and duties of any Party under this Agreement shall be binding on all successors in interest and assigns of such Party. Each Party covenants that, if it sells or otherwise transfers to a third party, it will require as a condition of such transfer that the transferee agree to be bound by this Agreement with respect to services provided over the transferred facilities, unless the Party which is not the subject of the sale or transfer reasonably determines that the legal structure of the transfer vitiates any such need. Except as provided in this paragraph, neither Party may assign or transfer (whether by operation of law or otherwise) this Agreement (or any rights or obligations hereunder) to a third party without the prior written consent of the other Party which consent will not be unreasonably withheld, conditioned or delayed; provided that either Party may assign this Agreement to an Affiliate or an entity acquiring all or substantially all of its assets or equity by providing prior written notice to the other Party of such assignment or transfer. Except as provided above, the effectiveness of an assignment shall be conditioned upon the assignee's written assumption of the rights, obligations, and duties of the assigning Party. Any attempted assignment or transfer that is not permitted is void *ab initio*. No assignment or delegation hereof shall relieve the assignor of its obligations under this Agreement in the event that the assignee fails to perform such obligations. Without limiting the generality of the foregoing, this Agreement shall be binding upon and shall inure to the benefit of the Parties' respective successors and assigns.

7. AUTHORITY

Each person whose signature appears on this Agreement represents and warrants that he or she has authority to bind the Party on whose behalf he or she has executed this Agreement. Each Party represents it has had the opportunity to consult with legal counsel of its choosing.

8. RESPONSIBILITY FOR PAYMENT

The Parties will render to each other monthly bill(s) for interconnection and facilities provided hereunder at the rates set forth in the Pricing Attachment of this Agreement. Each Party shall pay bills in accordance with terms of this Agreement. In the event that a Party defaults on its payment obligation to the other Party, the other Party's obligation to provide service to the defaulting Party will be terminated under this Agreement, and any security deposits held will be applied to the outstanding balance owed by the defaulting Party to the billing Party.

8.1 Deposits

COMPANY, at its discretion may require Spirit to provide COMPANY a security deposit to ensure payment of Spirit's account. The security deposit must be an amount equal to two (2) months anticipated charges (including, but not limited to, recurring, non-recurring, termination charges and advance payments), as reasonably determined by COMPANY, for interconnection or any other functions, facilities, products or services to be furnished by COMPANY under this Agreement.

- 8.1.1 Such security deposit shall be a letter of credit or a cash deposit or other form of security acceptable to COMPANY. Any such security deposit may be held during the continuance of the service as security for the payment of any and all amounts accruing for the service.
- 8.1.2 If a security deposit is required, such security deposit may be required prior to the activation of service, or at a later time if Spirit develops a record of late payments.
- 8.1.3 The fact that a security deposit has been provided in no way relieves Spirit from complying with COMPANY's regulations as to advance payments and the prompt payment of bills on presentation nor does it constitute a waiver or modification of the regular practices of COMPANY providing for the discontinuance of service for non-payment of any sums due COMPANY.
- 8.1.4 COMPANY reserves the right to increase the security deposit amounts when gross monthly billing has increased beyond the level initially used to determine the security deposit but shall not exceed two months' anticipated charges.
- 8.1.5 In the event that Spirit is in breach of this Agreement, service to Spirit may be terminated by COMPANY pursuant to Section 3 of the General Terms and Conditions, any security deposits applied to its account and COMPANY may pursue any other remedies available at law or equity.
- 8.1.6 In the case of a cash deposit, interest at a rate not less than that prescribed by the Commission shall be paid to Spirit during the possession of the security deposit by COMPANY. Interest on a security deposit shall accrue annually and, if requested, shall be annually credit to Spirit by the accrual date.
- 8.2 COMPANY may, but is not obligated to, draw on the cash deposit, as applicable, upon the occurrence of any one of the following events:
 - 8.2.1 Spirit admits its inability to pay its debts as such debts become due, has commenced a voluntary case (or has had an involuntary case commenced against it) under the U.S. Bankruptcy Code or any other law relating to insolvency, reorganization, wind-up, composition or adjustment of debts or the like, has made an assignment for the benefit of creditors or, is subject to a receivership or similar proceeding; or
 - 8.2.2 The expiration or termination of this Agreement.

9. BILLING AND PAYMENT

9.1 In consideration of the services and facilities provided under this Agreement, the Parties shall bill the other Party on a monthly basis all applicable charges set forth in the Pricing Attachment to this Agreement. The Party billed ("Billed Party") shall pay to the invoicing Party ("Billing Party") all undisputed amounts within thirty (30) days from the bill receipt date. If the payment due date is a Saturday, Sunday or a designated bank holiday, payment shall be made the prior business day. Neither Party shall back-bill the other Party for services that predate this Agreement or for services provided under this Agreement that are more than twelve (12) months old, or provided before the applicable Federal or State statute of limitations, whichever is longer. If a Party fails to bill for a service within 12 months of when it was rendered, then that Party waives its rights to bill for that service, absent fraud or willful misconduct by the Billed Party.

9.2 Billing Disputes Related to Unpaid Amounts:

9.2.1 If any portion of an amount due to a Party (the "Billing Party") under this Agreement is subject to a bona fide dispute between the Parties, the Party billed (the "Non-Paying Party") shall, within thirty (30) days of its receipt of the invoice containing such disputed amount, give written notice to the Billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party. The Parties will work together in good faith to resolve issues relating to the disputed amounts. If the dispute is resolved such that payment is required, the non-prevailing party shall pay the disputed amounts with interest at the lesser of (i) one and one-half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under South Carolina's applicable law. In addition, the Billing Party may cease terminating traffic for the Non-Paying Party after undisputed amounts not paid become more than 30 days past due, provided the Billing Party gives an additional 30 days' written notice and opportunity to cure the default.

9.2.2 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one-half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under South Carolina's applicable law.

9.2.3 Issues related to Disputed Amounts shall be resolved in accordance with all of the applicable procedures identified in the Dispute Resolution provisions set forth in Section 13 of this Agreement.

9.3 Disputes of Paid Amounts

If any portion of an amount paid to a Party under this Agreement is subject to a bona fide dispute between the Parties ("Disputed Paid Amount"), the Billed Party may provide written notice to the Billing Party of the Disputed Paid Amount, and

seek a refund of such amount, at any time prior to the date that is one year after the receipt of a bill containing the disputed amount that has been paid by the Billed Party ("Notice Period"), or within the applicable statute of limitations, whichever is longer. If the Billed Party fails to provide written notice of a Disputed Paid Amount within the Notice Period, the Billed Party waives its rights to dispute its obligation to pay such amount, and to seek refund of such amount, absent fraud or willful misconduct by the Billing Party.

9.4 Audits:

9.4.1 Either Party may conduct an audit of the other Party's relevant books, records and other documents pertaining to the traffic exchanged and bills rendered under this Agreement, no more frequently than once per twelve (12) month period, to evaluate the other Party's accuracy of billing, data, and invoicing in accordance with this Agreement provided that the requested records do not exceed twelve (12) months in age from the date the monthly bill containing said record information was issued. Any audit shall be performed as follows: (i) following at least thirty (30) days' prior written notice to the audited Party; (ii) subject to the reasonable scheduling requirements and limitations of the audited Party; (iii) at the auditing Party's sole cost and expense; (iv) of a reasonable scope and duration; (v) in a manner so as not to interfere with the audited Party's business operations; and (vi) in compliance with the audited Party's security rules. The review will consist of an examination and verification of data involving usage data, records, systems, procedures and other information related to the traffic delivered or services performed by either Party as related to settlement charges or payments made in connection with this Agreement as determined by either Party to be reasonably required.

9.4.2 The relevant books, records and other documents include, but are not limited to, usage data, source data, traffic reports and associated data and other information and documents in accordance with this Agreement. Such audit will take place at a time and place agreed on by the Parties no later than sixty (60) days after notice thereof subject to the conditions in 9.4.1 above.

9.4.3 Each Party will cooperate fully in any such audit, providing reasonable access to any and all appropriate employees, subcontractors and other agents and books, records and other documents reasonably necessary to assess the accuracy of the Party's billings, data and invoices. With respect to authorized Retail Providers, such as traffic associated with the Spirit-Retail Provider Arrangement, during an audit Spirit will obtain and provide access to call detail records reasonably necessary to assess the accuracy of the data applicable to that traffic.

9.5 Recording:

The Parties shall each perform traffic recording and identification functions necessary to provide the services contemplated hereunder. Each Party shall

calculate terminating duration of minutes used based on standard automatic message accounting records made within each Party's network. The records shall contain the information to properly assess the jurisdiction of the call including ANI or service provider information necessary to identify the originating company, including the JIP and originating signaling information, the provision of JIP being where it is technologically and economically feasible as defined by not being a barrier to entry. The Parties shall each use commercially reasonable efforts, to provide these records monthly, but in no event later than thirty (30) days after generation of the usage data.

10. COMPLIANCE WITH LAWS AND REGULATIONS

Each Party shall comply with all federal, state, and local statutes, regulations, rules, ordinances, judicial decisions, and administrative rulings applicable to its performance under this Agreement.

11. CONFIDENTIAL INFORMATION

11.1 Any information such as specifications, drawings, sketches, business information, forecasts, models, samples, data, computer programs and other software and documentation of one Party (a Disclosing Party) that is furnished or made available or otherwise disclosed to the other Party or any of its employees, contractors, or agents (its "Representatives" and with a Party, a "Receiving Party") pursuant to this Agreement ("Proprietary Information") shall be deemed the property of the Disclosing Party. Proprietary Information, if written, shall be clearly and conspicuously marked "Confidential" or "Proprietary" or other similar notice, and, if oral or visual, shall be confirmed in writing as confidential by the Disclosing Party to the Receiving Party within ten (10) days after disclosure. Unless Proprietary Information was previously known by the Receiving Party free of any obligation to keep it confidential, or has been or is subsequently made public by an act not attributable to the Receiving Party, or is explicitly agreed in writing not to be regarded as confidential, such information: (i) shall be held in confidence by each Receiving Party; (ii) shall be disclosed to only those persons who have a need for it in connection with the provision of services required to fulfill this Agreement and shall be used by those persons only for such purposes; and (iii) may be used for other purposes only upon such terms and conditions as may be mutually agreed to in advance of such use in writing by the Parties. Notwithstanding the foregoing sentence, a Receiving Party shall be entitled to disclose or provide Proprietary Information as required by any governmental authority or applicable law, upon advice of counsel, only in accordance with §11.2 of this Agreement.

11.2 If any Receiving Party is required by any governmental authority or by applicable law to disclose any Proprietary Information, then such Receiving Party shall provide the Disclosing Party with written notice of such requirement as soon as possible and prior to such disclosure. The Disclosing Party may then seek appropriate protective relief from all or part of such requirement. The Receiving

Party shall use all commercially reasonable efforts to cooperate with the Disclosing Party in attempting to obtain any protective relief that such Disclosing Party chooses to obtain. The Receiving Party may disclose the Proprietary Information within the time required by the governmental authority or Applicable Law, provided that the Disclosing Party has been provided with written notice under this section 11.2 and protective relief has not been obtained by the Disclosing Party.

- 11.3 In the event of the expiration or termination of this Agreement for any reason whatsoever, each Party shall return to the other Party or destroy all Proprietary Information and other documents, work papers and other material (including all copies thereof) obtained from the other Party in connection with this Agreement and shall use all reasonable efforts, including instructing its employees and others who have had access to such information, to keep confidential and not to use any such information, unless such information is now, or is hereafter disclosed, through no act, omission or fault of such Party, in any manner making it available to the general public.

12. FRAUD

Neither Party shall bear responsibility for, nor be required to make adjustments to the other Party's account in cases of fraud by the other Party's end-users or on the other Party's end-user customer accounts. The Parties agree to reasonably cooperate with each other to detect, investigate, and prevent fraud and to reasonably cooperate with law enforcement investigations concerning fraudulent use of the other Party's services or network. The Parties' fraud minimization procedures are to be cost effective and implemented so as not to unduly burden or harm one Party as compared to the other. Spirit expressly assumes responsibility, as between Spirit and COMPANY, and agrees to reimburse and make whole COMPANY for damages incurred by COMPANY due to (i) fraud committed by Retail Providers contracting, directly or indirectly, with Spirit to utilize the interconnection hereby established; (ii) fraud permitted by Retail Providers contracting, directly or indirectly, with Spirit to utilize the interconnection hereby established which, with the use of reasonable diligence and attentiveness and existing technology currently deployed, could have been prevented; and (iii) any fraud committed or caused by any End User Customer of such Retail Provider.

13. DISPUTE RESOLUTION

Except as provided under Section 252 of the Act with respect to the approval of this Agreement by the Commission, the Parties desire to resolve disputes arising out of or relating to this Agreement without, to the extent possible, litigation. Accordingly, except for action seeking a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel compliance with this dispute resolution process, the Parties agree to use the following dispute resolution procedures with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

- 13.1 Informal Resolution of Disputes. At the written request of a Party, each Party will appoint a knowledgeable, responsible representative, empowered to resolve such dispute, to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The location, format, frequency, duration, and

conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as Confidential Information developed for purposes of settlement, exempt from discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise discoverable, be discovered or otherwise admissible, be admitted in evidence, in the arbitration or lawsuit.

13.2 Formal Dispute Resolution. If negotiations fail to produce an agreeable resolution within forty-five (45) days, then either Party may proceed with any remedy available to it pursuant to law, equity or agency mechanisms; provided, that upon mutual agreement of the Parties such disputes may also be submitted to binding arbitration before the Commission. In the case of an arbitration, each Party shall bear its own costs. The Parties shall equally split the fees of any mutually agreed upon arbitrator but shall otherwise pay their own expenses associated with the arbitration.

13.3 Continuous Service. The Parties shall continue providing services to each other during the pendency of any dispute resolution procedure, and the Parties shall continue to perform their payment obligations including making payments in accordance with this Agreement.

14. ENTIRE AGREEMENT

- 14.1 This Agreement and applicable attachments, constitute the entire agreement of the Parties pertaining to the subject matter of this Agreement and supersede all prior agreements, negotiations, proposals, and representations, whether written or oral, and all contemporaneous oral agreements, negotiations, proposals, and representations concerning such subject matter. No representations, understandings, agreements, or warranties, expressed or implied have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
- 14.2 If any definitions, terms or conditions in any given Appendix, Attachment, Exhibit, Schedule or Addenda differ from those contained in the main body of this Agreement, those definitions, terms or conditions will supersede those contained in the main body of this Agreement, but only in regard to the services or activities listed in that particular Appendix, Attachment, Exhibit, Schedule or Addenda.

15. EXPENSES

Except as specifically set out in this Agreement, each Party shall be solely responsible for its own expenses involved in all activities related to the subject of this Agreement.

16. FORCE MAJEURE

The Parties agree to discuss options for minimizing the impact of the change on the Disputing Party and implementing such options if appropriate. Adherence by a Party to a provision of the other Party's handbooks or procedures shall not constitute a waiver of the right to object to such provision, or to pursue the dispute resolution process regarding such provision.

This Attachment describes the physical architecture for the interconnection of the Parties facilities and equipment for the transmission and routing of Telephone Exchange Service traffic between the respective End User Customers of the Parties pursuant to the Act.
- 1.2 COMPANY has no obligation to establish interconnection service arrangements to enable Spirit to solely provide Information Services or Toll Services. Spirit agrees that it is requesting and will use this arrangement for the primary purpose of exchanging Non-Access Telecommunications Traffic as defined in 47 C.F.R. § 51.701(b) and that any exchange of traffic including Information Service traffic or VoIP traffic that is other than Non-Access Telecommunications Traffic will be incidental to the Parties' exchange of Non-Access Telecommunications Traffic. The FCC has not determined whether VoIP-PSTN Traffic is a Telecommunications Service or an Information Service. For the purposes of this Agreement, VoIP-PSTN Traffic must meet the definition of IntraLATA Traffic to be treated as such and any traffic outside the definition of IntraLATA Traffic shall be treated as InterLATA Toll Traffic. If the FCC determines that VoIP service is other than Telecommunications Service and VoIP-PSTN Traffic is exchanged under this Agreement, the terms of this Agreement shall remain in effect until such time as this Agreement is modified under the change in law provisions of Section 28 of the General Terms and Conditions of this Agreement.
- 1.3 This Agreement does not obligate either Party to provide arrangements not specifically provided for herein. Traffic that is exchanged through an Interexchange Carrier (IXC) is not covered under this Agreement, and, the exchange of IntraLATA CMRS traffic is not permitted under this Agreement unless Spirit is unable to separate Local/EAS Traffic from that of CMRS traffic through reasonable network management practices. No InterLATA IntraMTA shall be routed over the dedicated interconnection facilities described in Section 2. below and InterLATA IntraMTA traffic is not covered under this agreement.
- 1.4 Both Parties acknowledge that InterLATA Traffic will be routed in accordance with Telcordia Traffic Routing Administration (TRA) instructions and is not covered by this Agreement.

- 1.5 Both Parties shall adhere to the North American Numbering Plan (NANP) guidelines.
- 1.6 The Parties will incorporate FCC rulings and orders governing compensation for VoIP/IP-Enabled services into this Agreement once effective. Until such time, for the purposes of this agreement, VoIP/IP-Enabled traffic will be treated similarly to other voice traffic covered by this Agreement, and the originating point of VoIP/IP Enabled traffic for the purpose of jurisdictionally rating traffic is the physical location of the calling party, i.e. the geographical location of the IPC. Signaling information associated with VoIP/IP-Enabled traffic must comply with Sections 3.5 and 3.6 of this Interconnection Attachment.
- 1.7 Spirit is responsible for all traffic that Spirit exchanges with COMPANY over direct or indirect interconnection *via* a third party, including but not limited to, voice traffic, VoIP-PSTN Traffic, ISP-Bound Traffic and toll traffic. Spirit shall not provision any of its services in a manner that knowingly permits the circumvention of COMPANY's applicable Switched Access Service charges by it or a Retail Provider. Spirit agrees to be responsible for and pay its portion of the Interconnection Facilities, and all Reciprocal Compensation and Access Service charges associated with all traffic that Spirit exchanges with COMPANY, including traffic of a Retail Provider. Spirit is the sole responsible Party with respect to all traffic originated by or terminated to Spirit End User Customers or Retail Providers.
- 1.8 Each Party warrants that under this Agreement the primary service provided to its End User Customers or Retail Provider requires the service to be from a fixed location. However, due to the advancement of IP technology and applications available, services have become more mobile. Because of this, the Parties agree that Traffic originating from an Internet protocol ("IP") device other than at the End User's service location ("Nomadic Traffic") provided by either Party will be incidental to fixed traffic. The Parties warrant that the services provided by either Party or their Retail Providers will primarily be from fixed location at each End User's principal service address located in COMPANY's Local Calling Area. If either Party believes that the majority of the other Party's traffic is Nomadic Traffic, then the Parties can conduct audits or take other commercially reasonable steps to verify that the other Party is not provisioning any of its services in a manner that permits the circumvention of applicable Switched Access Service charges by it or a Retail Provider. If either Party intends to send primarily Nomadic Traffic, then such Party shall notify the other Party in writing within sixty (60) days pursuant to Section 26 of the General Terms and Conditions of this Agreement to renegotiate and amend the Agreement.
- 1.9 Spirit provides Non-CMRS Telecommunications Services, unless Spirit is unable to separate such traffic from Local/EAS Traffic through reasonable network management practices, under this Agreement to End User Customers and Wholesale Telecommunications Services to other entities that provide retail service to End User Customers. The Parties understand and agree that this Agreement will permit a Party to provide a Wholesale Telecommunications Service to a Retail Provider; however, under no circumstances shall such Wholesale

Telecommunications Service be deemed, treated or compensated as a transit service performed by Spirit. For purposes of this Agreement, Spirit's Wholesale Telecommunications Service for traffic exchange is considered to be the provision of end office switching functions for the Retail Provider so neither Spirit nor its Retail Provider customer is entitled to bill, and COMPANY is not obligated to pay, any transit charges for such traffic.

2. Service Arrangement

- 2.1 The Parties agree to exchange IntraLATA Traffic originated by an End User Customer of one Party that terminates to an End User Customer of the other Party over dedicated facilities between their networks. The Parties agree to physically connect their respective networks so as to exchange such IntraLATA Traffic, with the Point of Interconnection (POI) designated at The Chester Telephone Company's tandem switch, located at 112 York Street Chester, SC 29706. No more than one POI on COMPANY's network is required. Each Party shall be responsible for the cost of dedicated facilities on its side of the POI.
- 2.2 COMPANY shall provide transit functions for Tandem Transit Traffic originated by Spirit. COMPANY shall bill and Spirit shall pay for transit charges at the rate set forth in the Pricing Attachment. Spirit is responsible for negotiating any necessary interconnection arrangements directly with the third party. COMPANY will not be responsible for any reciprocal compensation payments to Spirit for Transit Traffic or any termination charges assessed by third parties. Any Transit Traffic that is toll shall be governed by COMPANY lawful, filed, and effective applicable access tariffs. Spirit does not have a tandem at this time in the area so there is no transit traffic originated by COMPANY to Spirit. At such time as Spirit has a tandem in the area, transit arrangements may be negotiated.
- 2.3 If Spirit chooses to lease transport facilities from COMPANY, Spirit shall compensate COMPANY for such leased transport facilities at COMPANY's rates located in the Pricing Attachment.
- 2.4 The Parties agree to only route IntraLATA Traffic over the dedicated facilities between their networks. InterLATA Traffic shall be routed in accordance with Telcordia Traffic Routing Administration instruction and is not covered by this Agreement. Both Parties agree that compensation for IntraLATA Traffic shall be in the form of the mutual exchange of services provided by the other Party with no additional billing related to exchange of such traffic issued by either Party except as otherwise provided in this Agreement.
- 2.5 For the purposes of compensation under this Agreement, jurisdiction of VoIP-PSTN Traffic is determined by the physical location of the originating and terminating End User Customers. Signaling information associated with VoIP-PSTN Voice Traffic must comply with Section 2.7 of this Interconnection Attachment. However, since VoIP-PSTN Traffic may also be Nomadic Traffic as defined in Section 1.8 above, it is difficult to determine the physical location of

such traffic. As a result, VoIP-PSTN Traffic will be identified as either IntraLATA Traffic or InterLATA Traffic by using the originating and terminating call detail information of each call unless the Parties specifically agree otherwise. This call jurisdiction method described herein is intended by the Parties as a proxy to determine the jurisdiction of a call (i.e., the actual geographic end points of the call) and the Parties acknowledge that there may be some circumstances where the actual geographic end points of a particular call may be difficult or impossible to determine. At any time during the term of this Agreement, the Parties may agree on alternate methods to establish call jurisdiction for local VoIP-PSTN Traffic based on regulatory or technological evolution. The Parties agree that it is in the best interest of both Parties to work together in an effort to continue to improve the accuracy of jurisdictional data and such efforts shall not be unreasonably withheld by either Party. This paragraph shall not be controlling nor affect the determination of the proper jurisdiction or the geographic end points of any traffic which is not VoIP-PSTN Traffic, including without limitation, any VNXX Traffic.

- 2.6 Neither Party shall route un-translated traffic to service codes (e.g. 800, 888) over the dedicated interconnection facilities.
- 2.7 N11 Codes: Neither Party shall route N11 codes (e.g., 411, 611, 711, and 911) over dedicated facilities.
- 2.8 Accurate Calling Party Number (“CPN”) associated with the End User Customer originating the call must be provided. Accurate CPN is:
 - 2.8.1 CPN that is a dialable working telephone number, that when dialed, will reach the End User Customer to whom it is assigned, at that End User Customer’s Location.
 - 2.8.2 CPN that has not been altered.
 - 2.8.3 CPN that is not a charge party number.
 - 2.8.4 CPN that follows the North American Numbering Standards and can be identified in numbering databases and the LERG as an active number.
 - 2.8.5 CPN that is assigned to an active End User Customer.
 - 2.8.6 CPN that is associated with the Rate Center of the specific End User Customer Location.
- 2.9 The Parties will prorate unidentified traffic by jurisdiction according to the identified traffic, unless unidentified traffic exceeds 5% of total one-way traffic. If unidentified traffic exceeds 5% of total one-way traffic in any billing period, switched access rates will be applied to all unidentified traffic for that billing period. The Parties will coordinate and exchange data as necessary to determine

the cause of the CPN or JIP (where the provision of JIP was attempted) failure and to assist in its correction.

3. **Physical Connection:**

- 3.1 Dedicated facilities between the Parties' networks shall be provisioned as two-way interconnection trunks, and shall only carry IntraLATA traffic originated or terminated directly between each Parties End User Customers. The direct interconnection trunks shall meet the Telcordia BOC Notes on LEC Networks Practice No. SR-TSV-002275.
- 3.2 Facility Sizing: The Parties will mutually agree on the appropriate sizing for transport facilities. The capacity of transport facilities provided by each Party will be based on mutual forecasts and sound engineering practice, as mutually agreed to by the Parties. Spirit will order trunks in the agreed upon quantities via an Access Service Request.
- 3.3 If Spirit's request requires COMPANY to build new facilities (e.g. installing new fiber), Spirit will bear the cost of construction. Payment terms for such costs will be negotiated between the Parties on an individual case basis. No Party will construct facilities that require the other Party to build unnecessary facilities.
- 3.4 Interface Types: If the POI has an electrical interface, the interface will be DS1 or DS3 as mutually agreed by the Parties. When a DS3 interface is agreed to by the Parties, COMPANY will provide any multiplexing required for DS1 facilities or trunking at its end and Spirit will provide any DS1 multiplexing required for facilities or trunking at its end.
- 3.5 Signaling: The Parties will connect their networks using SS7 signaling as defined in applicable industry standards including ISDN user part ("ISUP") for trunk signaling and transaction capabilities application part ("TCAP") for common channel signaling based features in the connection of their networks. CPN shall be available for at least 90% of the calls. Signaling information shall be shared between the Parties at no charge to either Party.
- 3.6 Signaling Parameters: COMPANY and Spirit are required to provide each other with the proper signaling information (e.g. originating accurate Calling Party Number, JIP (where technologically and economically feasible as defined by not being a barrier to entry), and destination called party number, etc.) pursuant to 47 C.F.R. § 64.1601, to enable each Party to issue bills in an accurate and timely fashion. All Common Channel Signaling (CCS) signaling parameters will be provided, including CPN, JIP (where technologically and economically feasible as defined by not being a barrier to entry), Originating Line, Calling party category, Charge Number, etc. All privacy indicators will be honored.

- 3.7 Programming: It shall be the responsibility of each Party to program and update its own switches and network systems pursuant to the LERG.
- 3.8 Equipment Additions: Where additional equipment is required, such equipment will be obtained, engineered, and installed on the same basis and with the same intervals as any similar growth job for the Parties' internal customer demand.

4. Grade of Service:

Each Party will provision its network to provide designed blocking objective of a P.01.

5. Network Management:

- 5.1 Protective Controls: Either Party may use protective network traffic management controls such as 7-digit and 10-digit code gaps on traffic toward each other's network, when required to protect the public switched network from congestion or failure, or focused overload. Spirit and COMPANY will immediately notify each other of any protective control action planned or executed.
- 5.2 Mass Calling: Both Parties will cooperate and share pre-planning information regarding cross-network call-ins expected to generate large or focused temporary increases in call volumes. The Parties agree that the promotion of mass calling services is not in the best interest of either Party. If one Party's network is burdened repeatedly more than the other Party's network, the Parties will meet and discuss the cause and impact of such calling and will agree on how to equitably share the costs and revenues associated with the calls and on methods for managing the call volume.
- 5.3 Network Harm: Neither Party will use any service related to or provided in this Agreement in any manner that interferes with third parties in the use of their service, prevents third parties from using their service, impairs the quality of service to other carriers or to either Party's Customers; causes electrical hazards to either Party's personnel, damage to either Party's equipment or malfunction of either Party's billing equipment (individually and collectively, "Network Harm"). If a Network Harm will occur or if a Party reasonably determines that a Network Harm is imminent, such Party will, where practicable, notify the other Party that temporary discontinuance or refusal of service may be required, provided, however, wherever prior notice is not practicable, such Party may temporarily discontinue or refuse service forthwith, if such action is reasonable under the circumstances. In case of such temporary discontinuance or refusal, such Party will:
 - 5.3.1 Promptly notify the other Party of such temporary discontinuance or refusal;
 - 5.3.2 Afford the other Party the opportunity to correct the situation which gave rise to such temporary discontinuance or refusal; and

Interconnection Attachment

- 5.3.3 Inform the other Party of its right to bring a complaint to the Commission, FCC, or a court of competent jurisdiction.
- 5.4 Each Party shall be responsible for obtaining connections to the 911/E911 network.

Local Number Portability Attachment

1.0 LOCAL NUMBER PORTABILITY

- 1.1 The Parties will offer service provider local number portability (LNP) in accordance with the FCC rules and regulations. Service provider portability is the ability of users of Telecommunications Services to retain, at the same location, existing telecommunications numbers without impairment of quality, reliability, or convenience when switching from one telecommunications carrier to another. Under this arrangement, the new Telecommunications Service provider must directly provide Telecommunications Service to the End User Customer porting the telephone number. The dial tone must be derived from a switching facility that denotes the switch is ready to receive dialed digits. In order for a port request to be valid, the End User Customer must retain his or her original number, be located either at the same location or at a location within the same Rate Center Area both before and after the port; and be served directly by the Telecommunications Carrier requesting the port or the Retail Provider who provides Telecommunications Service to the End User Customer. If a Party acts as a Numbering Partner and ports on the behalf of a Retail Provider that Party is fully responsible for compliance with porting rules as defined in this Section 1.1.
- 1.2 The Parties agree that the industry has established Local Routing Number (LRN) technology as the method by which LNP will be provided in accordance with such rules, regulations and guidelines. As such, the Parties agree to provide to each other number portability via LRN.
- 1.3 Nothing in this Agreement prohibits the Parties or a Party from agreeing with its customer to provide types of portability other than “service provider” portability. This agreement only addresses service provider portability and no other type of portability is currently agreed upon in this Agreement.
- 1.4 The Parties agree to comply with finalized FCC rules and orders and FCC adopted North American Numbering Council (NANC) procedures and guidelines concerning numbering and local number portability. If either Party’s Operations and Network Planning Publications conflict with the FCC’s rules and orders, then the FCC’s rules and orders will prevail.
- 1.5 Service Management System (SMS) Administration. The Parties will work cooperatively with other local service providers to establish and maintain contracts for the Number Portability Administration Center (NPAC) SMS.
- 1.6 Signaling. In connection with LNP, each Party agrees to use SS7 signaling in accordance with applicable FCC rules and orders.
- 1.7 N-1 Query. Non-queried calls will be returned to the N-1 carrier, or logged and charged to the carrier originating the call, at the then-current LNP Query rate specified in the tariff belonging to the Party performing the query.

- 1.8 Porting of Reserved Numbers. In addition, End User Customers of each Party may port reserved numbers, as defined in 47 CF.R. Section 52.15(f)(1)(vi) that the End User Customer has paid to reserve, only if there is at least one working telephone number in the group. Portable reserved numbers are identified on the Customer Service Record (CSR).
- 1.9 Splitting of Number Groups. The Parties shall permit blocks of subscriber numbers (including, but not limited to, Direct Inward Dial (DID) numbers and MultiServ groups) to be split in connection with an LNP request. COMPANY and Spirit shall permit End User Customers who port a portion of DID numbers to retain DID service on the remaining portion of numbers. If a Party requests porting a range of DID numbers smaller than a whole block, that Party shall pay the applicable charges as listed in The Pricing Attachment for doing so. In the event no rate is set forth in this Attachment, then the Parties shall negotiate a rate for such services.
- 1.10 The Parties will set LRN unconditional or 10-digit triggers where applicable. Where triggers are set, the porting Party will remove the ported number at the same time the trigger is removed.
- 1.11 A trigger order is a service order issued in advance of the porting of a number. A trigger order 1) initiates call queries to the AIN SS7 network in advance of the number being ported; and 2) provides for the New Service Provider to be in control of when a number ports.

2.0 Late Notification Changes - Due Date, Coordination

- 2.1 The New Service Provider will proceed with the conversion based on the agreement at the 48-Hour Call. Policy for late notification of changes in due date and/or coordination time is as follows:
 - 2.1.1 If the OSP personnel have to wait more than 15 minutes for the NSP to join the scheduled call for the CHC, then the NSP shall be responsible to reimburse the OSP for all personnel costs incurred. The charge will be calculated, in half hour increments, times the loaded hourly compensation rate for each personnel involved in the call.
 - 2.1.2 If the NSP contacts the OSP to reschedule the CHC call less than 48-Hours from the scheduled CHC call time, the NSP will be responsible to reimburse the OSP for all cost incurred to date on the CHC order.
 - 2.1.3 Once the scheduled call is underway, and personnel from both Parties are present on the call, should the NSP incur a problem that would delay the conversion, the OSP will provide the NSP reasonable time (20 minutes or less) to cure the problem. However, any delay longer than 20 minutes will result in the OSP charging the NSP for personnel costs incurred. The charge

will be calculated based on the delay time, in half hour increments, times the loaded hourly compensation rate for each personnel involved in the call.

3.0 Obligations of Both Parties.

- 3.1 If either Party ports a number from the other Party, the New Service Provider is responsible for advising the NPAC of telephone numbers that it imports and the associated data as identified in industry forums as being required for number portability.
- 3.2 When a ported telephone number becomes vacant, e.g., the telephone number is no longer in service by the original End User Customer; the ported telephone number will be released back to the carrier who is the code holder or block holder.
- 3.3 Each party has the right to block default routed calls entering a network in order to protect the public switched network from overload, congestion, or failure propagation.
- 3.4 Both Parties must be certified by the Regional NPAC prior to the scheduling of inter-company testing.
- 3.5 Each Party will designate a single point of contact (SPOC) to schedule and perform required testing. These tests will be performed during a mutually agreed time frame and must meet the criteria set forth by the Inter-Industry LNP Regional Team for porting.
- 3.6 Each Party shall abide by NANC and the Inter-Industry LNP Regional Team provisioning and implementation process.
- 3.7 Each Party shall become responsible for the End User Customer's other telecommunications related items, e.g. E911, Directory Listings, Operator Services, Line Information Database (LIDB), when they port the end-user's telephone number to their switch.
- 3.8 The LRN associated with the ported number associated with COMPANY's Local/EAS area shall be derived from an NPA- NXX within the same Local/EAS areas.

Ancillary Services Attachment

1. 911/E-911 Arrangements

- 1.1 COMPANY utilizes AT&T for the provision of 911/E-911 services. For all 911 services to End User Customers or Retail Providers, Spirit is responsible for connecting to AT&T and populating AT&T's database. All relations between AT&T and Spirit are totally separate from this Agreement and COMPANY makes no representations on behalf of AT&T.
- 1.2 COMPANY will not be liable for errors with respect to Spirit's provision of 911/E-911 services to Spirit's End User Customers unless such errors are proximately or directly caused by COMPANY.

2. Street Address Guide (SAG)

- a. ILEC does not maintain the Street Address Guide (SAG). Therefore, CLEC will obtain the Street Address Guide directly from County as necessary.

3. Telephone Relay Service

Telephone Relay Service (TRS) enables deaf, hearing-impaired, or speech-impaired TRS users to reach other telephone users. Each Party is responsible for providing access to TRS for its End User Customers.

4. Directory Listings and Directory Distribution

- 4.1 Spirit will negotiate a separate agreement for directory listings and directory distribution, except as set forth below, with COMPANY's vendor for directory publications.

4.2 Listings

Spirit agrees to supply COMPANY on a regularly scheduled basis, and in a format prescribed by COMPANY, all listing information for Spirit's subscribers who wish to be listed in any COMPANY published directory for the relevant operating area. Listing information will consist of names, addresses (including city, state and zip code) and telephone numbers. Nothing in this Agreement shall require COMPANY to publish a directory where it would not otherwise do so. Listing inclusion in a given directory will be in accordance with COMPANY's solely determined directory configuration, scope, and schedules and listings will be treated in the same manner as COMPANY's listings.

4.3 Distribution

Upon directory publication, COMPANY will arrange for the initial distribution of the directory to service subscribers in the directory coverage area. Spirit will supply COMPANY, in a timely manner, with all required subscriber mailing information

Ancillary Services Attachment

including non-listed and non-published subscriber mailing information, to enable COMPANY to perform its directory distribution responsibilities.

1. PRE-ORDERING

- 1.1. The Parties will provide access to pre-order functions to support the requesting Party's transfer of customers. The Parties acknowledge that ordering requirements necessitate the use of current pre-order information to accurately build service orders. The following lists represent pre-order functions that are available.
- 1.2. Access to retail Customer Proprietary Network Information (CPNI) and account information for pre-ordering will include: billing name, service address, billing address, service and feature subscription, directory listing information, long distance carrier identity, and PIC freeze indication. Parties agree that the Parties' representatives will not access the information specified in this subsection without the End User Customer's permission, and that the requesting party has verification from the customer via Third Party Verification, a Letter of Authorization (LOA), etc. that the customer has agreed to the release of this information.
- 1.3. The Parties will provide the information on the following pre-ordering functions: Service address validation, telephone number selection, service and feature availability, due date information, and customer record information. The Parties will include the development and introduction of the new change management process. The Parties shall provide such information in accordance with the procedures set out in the handbook or website listed in Section 1.4 of this attachment. Based on reasonable volume of requests, the standard interval for address verification is one to two business days and 2 business days for a full customer service record for up to 12 CSRs per day. The intervals for higher volumes of requests will be negotiated on a case by case basis.
- 1.4. Each Party will exchange handbooks and/or website addresses covering preordering, ordering, provisioning, maintenance and other process information.
- 1.5. The Parties shall exchange preordering, ordering, provisioning, and maintenance information via email. Parties may mutually agree to add other forms of the information exchange such as a GUI.
- 1.6 The Parties agree not to view, copy, or otherwise obtain access to the End User Customer record information of any customer without that End User Customer's permission. The Parties will obtain access to End User Customer record information only in strict compliance with applicable laws, rules, or regulations of the FCC and the state in which the service is provided. If there is a customer complaint or an unusual request for CSRs (i.e. all business customers or a large increase in volume), the Parties reserve the right to audit each other's verification information on access to End User Customer record information. If the audit reveals that the End User Customer record information was obtained without the audited Party having obtained the proper legal permission (e.g., Third Party Verification or LOA), the auditing Party upon reasonable notice to the audited Party may take such corrective action as permitted by state and federal law. All such information obtained through an audit shall be deemed Information covered by the Proprietary and Confidential Information section in the General Terms and Conditions of this Agreement.
- 1.7 If CPNI and/or a Customer Service Record (CSR) is requested by a Party, and the Party producing the information receives a customer complaint regarding the release

of the information, then the Party producing the information may request, and the other Party shall provide, documentation of the End User's authorization for release of its CPNI and/or CSR within three (3) Business Days of receipt of such request.

- 1.8 Each Party reserves the right to discontinue providing CPNI or CSR to the other Party except upon documentation of End User authorization in the event End User authorization requested under Paragraph 1.7 is not provided within the time specified, or in the event the Party has good cause to believe alleged misuse has occurred. In such event, either Party may immediately request dispute resolution in accordance with Section 13 of the General Terms and Conditions of this Agreement.

2. ORDERING AND PROVISIONING

2.1. Ordering

- 2.1.1. The New Service Provider (NSP) shall place orders for services by submitting a local service request ("LSR") in the Old Service Provider's (OSP) preferred format. The OSP shall bill the NSP a service order charge as specified in the Pricing Attachment for each LSR submitted. An individual LSR will be identified for billing purposes by its Purchase Order Number ("PON").
- 2.1.2. The OSP will bill the service order charge, as applicable, for an LSR, regardless of whether that LSR is later supplemented, clarified or cancelled.

2.2. Provisioning

- 2.2.1. The Parties shall provision services during its regular working hours. To the extent NSP requests provisioning of service to be performed outside OSP regular working hours, or the work so requested requires OSP's technicians or project managers to work outside of regular working hours, overtime charges shall apply as specified in the Pricing Attachment of this Agreement.
- 2.2.2. Cancellation Charges. If the NSP cancels an LSR any costs incurred by OSP in conjunction with the provisioning of that request will be recovered in accordance with the rates specified in the Pricing Attachment to this Agreement.
- 2.2.3. Expedited Service Date Charges. For Expedited Service Date Advancement requests by the purchasing Party, expedited charges will apply for intervals less than the standard interval. The Expedited Service Date charge is listed in the Pricing Attachment.
- 2.2.4. Order Change Charges. If either Party modifies an order after being sent a Firm Order Confirmation (FOC) from the other Party, the Order Change Charge specified in this agreement will be paid by the modifying Party in accordance with the Pricing Attachment of this Agreement.
- 2.2.5 Access to Inside Wire.
- 2.2.5.1 Spirit is responsible for accessing customer premises wiring without disturbing COMPANY's plant or facilities. In no case shall Spirit remove or disconnect the loop facilities, or ground wires from

COMPANY's NIDs, enclosures, or protectors without approval from COMPANY. If Spirit removes COMPANY's loop in violation of this Agreement, Spirit will hold COMPANY harmless from any liability associated with the removal of COMPANY's loop or ground wire from COMPANY's NID. Furthermore, Spirit shall not remove or disconnect NID modules, protectors, or terminals from COMPANY's NID enclosures without approval from COMPANY.

2.2.5.2 Spirit shall warrant that it is responsible for access to the customer premises wiring by any Retail Provider. Spirit shall take all financial responsibility for damage to COMPANY's plant or facilities caused by the Retail Provider. Spirit shall indemnify and hold COMPANY harmless for any damage to an End User Customer's premises or for any loss or claim arising from a Retail Provider's access to the NID.

3. MAINTENANCE AND REPAIR

- 3.1 Requests for trouble repair are billed in accordance with the provisions of this Agreement. The Parties agree to adhere to the procedures for maintenance and repair in their respective operations procedures as referenced in Section 1.4 of this Attachment.
- 3.2 If purchasing Party reports a trouble and no trouble actually exists on the serving Party's portion of the service ("no trouble found"), the serving Party will charge the purchasing Party for any dispatching and testing (both inside and outside the Central Office (CO) required by serving Party in order to confirm the working status. If the no trouble found rate is a higher rate than the other similar services offered by the serving Party, the purchasing Party may raise the issue with the serving Party and request that the information on the trouble shooting procedures performed on the "no trouble found" repair tickets be shared with the purchasing Party. Such request shall not be unreasonably denied.

4. SERVICE STANDARDS

Both Parties will comply with the Article 6 - Telecommunications Utilities in Chapter 103 - Public Service Commission of the Code of Regulations of South Carolina Sub-Article 6 - Standards and Quality of Service when providing service to the other Party.

5. RATES

All charges applicable to pre-ordering, ordering, provisioning, and maintenance and repair, shall be as set forth in the Pricing Attachment to this Agreement.

6. MISCELLANEOUS

6.1 Customer Transfer

- 6.1.1 Service orders will be in a standard format designated in accordance with industry standards. All ordering and provisioning and maintenance activity

conducted pursuant to this agreement should follow the applicable industry standards which include: Local Service Ordering Guidelines (LSOG) developed in the Ordering and Billing Forum (OBF) at the Alliance of Telecommunications Industry Solutions (ATIS) and approved North American Numbering Council (NANC) procedures and guidelines concerning Local Number Portability (LNP) processes.

- 6.1.2 When notification is received from the New Service Provider that a current End User Customer of Old Service Provider will subscribe to New Service Provider's service, standard service order intervals for the appropriate class of service will apply.
- 6.1.3 The New Service Provider will be the single point of contact with Old Service Provider for all subsequent ordering activity resulting in additions or changes to services except that Old Service Provider will accept a request directly from the End User for conversion of the End User Customer's service from New Service Provider to Old Service Provider
- 6.1.4 If either Party determines that an unauthorized change in local service has occurred, the End User Customer's authorized local service provider will reestablish service with the End User Customer and will pursue remedies permitted by federal and state law against the Party making the unauthorized change.

6.2 Misdirected Calls

- 6.2.1 The Parties will employ the following procedures for handling any misdirected calls (e.g., Business office, repair bureau, etc.):
- 6.2.2 To the extent the correct provider can be determined; each Party will refer misdirected calls to the proper provider of local exchange service. When referring such calls, both Parties agree to do so in a courteous manner at no charge.
- 6.2.3 For misdirected repair calls, the Parties will provide their respective repair bureau contact number to each other on a reciprocal basis and provide the End User Customer the correct contact number.
- 6.2.4 In responding to misdirected calls, neither Party shall make disparaging remarks about each other, nor shall they use these calls as a basis for internal referrals or to solicit End User Customers or to market services.

6.3 Letter of Authorization

- 6.3.1 The Parties agree that they will not submit an order to move an End User Customer's service from one Party to the other Party without the End User Customer's permission, and that the requesting Party has verification from the End User Customer via Third Party Verification, a Letter of Authorization

(LOA), etc. that the End User Customer has agreed to the change in service. The OSP will not require End User Customer confirmation prior to establishing service for NSP's End User Customers.
